SKILLS & STRATEGIES <i>Procedural knowledge, literacy and numeracy skills</i>	Keyboard skills project designed to engage Year 8 quickly and revive their prior work in Year 7. Students will choose from 2 popular and engaging Beethoven pieces (Ode to Joy or Fur Elise – each requiring melodic and chordal parts. Option to work as a duet or as a solo – performance to take place on acoustic piano. Emphasis on accuracy and dynamics. Singing: Wandersmann Mozart's Go Kart	Students will explore examples of Minimalist music and art. They will compose a piece using a pentatonic scale – creating layers of ostinato. Students will consider texture – building and reducing the layers to prevent over-repetition and establish an hypnotic mood. Students will work in pairs or as solo – multi-tracking on the D.A.Ws. Singing: Windmills of Your Mind	In this performance unit students will be introduced to Music in Advertising, looking at Alton Tower's use of Grieg's Hall of the Mountain King. Students will revisit accidental reading in score, as they learn to play this famous melody in different keys (as per the original). Further challenge is provided by staging an accelerando – recapping the Italian terms for different tempo. Singing: Somewhere Only We Know	In this unit students will use a set structure (the 12 Bar Blues) to create a harmonic underlay for an original blues composition. They will compose a walking bass line, and melodic material using a Blues Scale. Students will have opportunities to develop their use of rhythm and harmony –using syncopation and extended chords. This will be multi-tracked into Garageband in pairs or as a solo. Singing: Rock around the Clock	Introduction to Opera and Spanish Music. Students will read the story of Bizet's Carmen, and identify features of Spanish music and polyrhythms. Students will compose a Spanish themed piece in contrasting binary sections – featuring both free-time and metred music. Students will be encouraged to create flourishes (ornaments) in the melodic lines – as a feature of this music. Singing: Canta Rie Bebe Guantanamera	Students will apply their revitalised knowledge of chords and melody performance to a more complex time signature = 6/8. Using Garage-band DAW students will learn to play the melody to America by Leonard Bernstein - supported by a rhythmic chordal and percussive accompaniment. Singing: Somewhere
