# Pupil Premium Strategy Statement – St George's School

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy; how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

#### **School overview**

Detail	Data
School name	St George's School
Number of pupils in school	1362
Proportion (%) of pupil premium eligible pupils	3.23% (44 students)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022/23 – 2025/26
Date this statement was published	December 2024
Date on which it will be reviewed	December 2025
Statement authorised by	Andy Ford Headteacher
Pupil premium lead	Tanya Linsell, SENDCo
Governor / Trustee lead	Tim Bull

#### **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£70,860
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
	£70,860

### Part A: Pupil premium strategy plan

#### Statement of intent

Our intention is that all pupils, irrespective of their background and various challenges they may face, make good progress, are successful in line with their goals and aspirations, and are given the opportunity to 'Aim Higher.'

High quality teaching is the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. Our approach will be based on pupil's individual needs, not assumptions, and to ensure strategies are effective, we will:

- identify early interventions
- ensure disadvantaged pupils are challenged and expectations are high, not low and limited
- ensure all staff take responsibility for disadvantaged pupils' progress
- ensure that all disadvantaged pupils have access to the same opportunities as everyone else, both within the curriculum and beyond, developing the cultural capital of our disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs. The strategy therefore recognises the broader needs of young people, including challenges disadvantaged pupils face in terms of social, emotional and mental health needs; cultural capital (trips and visits) and meeting pupils' material needs (equipment).

#### **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	% of PP students attainment at GCSE compared to peers
2	Aspirations and motivation – providing students with a curriculum pathway to leads to them achieving success and enables learners to take the next step in their educational journey.
3	Ensuring the full range of learners are being met in the classroom via curriculum provision and effective adaptive and high-quality teaching.
4	Literacy – a number of disadvantaged pupils enter with lower literacy skills than their non-disadvantaged peers.
5	Resources for learning – a significant minority, lack resources at home to facilitate their learning.

6	Developing the cultural capital of our students	
7	Ensuring good attendance and punctuality	
8	Wellbeing- Addressing the needs of our PP students with SEMH concerns. Our assessments, observations and discussions with pupils have identified SEMH has increased for many pupils, such as low self-esteem, anxiety and depression, partly driven by loss of learning and loss of enrichment opportunities; particularly affecting disadvantaged pupils.	

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved <u>attainment</u> for disadvantaged pupils across the curriculum by the end of KS4.	2025/6 KS4 outcomes demonstrate that disadvantaged pupils achieve results in line with their cognitive ability assessments.
Improved <u>curriculum</u> opportunities and pathways for all pupils.	Core skills programme will be further adapted to stretch and challenge.  An alternative pathway for KS3 will be created to allow greater flexibility for targeted interventions.  Literacy intervention implementation will be reviewed and improved.
Improve pupil <u>progress</u> and outcomes for all students and key cohorts, using <u>adaptive</u> teaching to meet the needs of the learners in the classroom.	Lesson observations will evidence adaptive teaching. Students eligible for PP to make as much progress as non-disadvantaged students.
Improved <u>literacy</u> and <u>reading</u> abilities for students eligible for PP	Students reading age will be age appropriate to put them equal to their peers.
All students eligible for PP will have resources necessary for school, including access to ICT as the school develops it use of Google Classroom.	Pupils will have access to ICT at home and be able to access the relevant school platforms needed for learning.  Pupils eligible for PP will have fewer consequences for lack of equipment.
All pupils eligible for PP will develop their cultural capital, which is understood to contribute to 'getting on with life'.	All students eligible for PP will have the same opportunities to attend trips and visits as their non-disadvantaged peers.
Improved <u>attendance and punctuality</u> for those students with PP, aiming for 95% and higher.	95% or higher attendance rate for PP students.

To achieve and sustain improved wellbeing for all pupils, including those that are disadvantaged.	Qualitative data – from Pastoral Support Manager /student voice and data from Q code on Sims indicates that PP student are accessing support for their SEMH and numbers receiving support are in line with non-disadvantaged students.
	A decrease in number of pupils accessing long-term support from Student Services is indicated.

## **Activity in this academic year 2024-25**

This details how we intend to spend our pupil premium **this academic year** to address the challenges listed above.

#### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 20,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Teaching and Learning focus on evidence-based strategies to support Quality First Teaching.	Supporting the Attainment of Disadvantaged Pupils (DFE, 2015) suggests high quality teaching as a key aspect of successful schools.	1,3, 2
Continue to develop Adaptive Teaching & Metacognition – CPD with Mike Gherson (as part of our 2-year training CPD)	The PISA research says that 'adaptive instruction' is one of the approaches most positively correlated with student performance.	
Improving the reading fluency of PP students to access the curriculum	EEF – evidence strength 4 and 6+ months progress	1,2,4
Providing PP students with access to ICT at home, (laptop/data) so they can access online support and live lessons.	ICT if used correctly, can be high https://webcontent.ssatuk.co.uk/wp-content/uploads/2016/11/24100433/TEE P-A4-2pp Effective-Use-of-ICT.pdf  The EEF toolkit suggests around +5 months additional progress	5

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 30,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Books and revision guides provided to students as part of year 11 strategy.	To facilitate independent study and engage parental support. EEF suggest +8 months progress for metacognition and self-regulation.	1
GCSE POD revision tool	To facilitate individual study. EEF 8+ Metacognition and self-regulation.	1
Employment of specialist English LSA to provide targeted literacy interventions	Evidence from the DfE report 'Supporting the attainment of disadvantaged pupils: articulating success and good practice' (2015) list literacy interventions are some of the most successful strategies in raising achievement.	1,3,4
Employment of a LSA specifically to support PP/SEND students.	+4 months. LSA can be used to deliver targeted interventions to individual pupils/small groups.	1,3
Use of Quest & Catapult – Oxford University Press to develop literacy skills	+6 months – enabling and e=developing literacy skills	2,3 4
1:1 tuition/mentoring	+5 months - LAC students have access to additional tutoring for specific curriculum areas according to their need.	1,3

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £20,860

Activity	Evidence that supports this approach	Challenge number(s) addressed
KS3 Homework Club – staffed by teachers to provide a safe and engaging environment where students can receive targeted support	Supporting the Attainment of Disadvantaged Pupils (DFE, 2015) suggests high quality teaching as a key aspect of successful schools.	1,3

Financial Support for Music tuition	EF toolkit suggests +3 months additional progress	6
Ensure all PP students have access to student services and their HPA with a check in.	Many PP students have significant social and emotional barriers to learning and/or SEND and are subject to external multiagency plans.	8
Offer bespoke SEMH interventions to pupils through the 'Directional Mentor' scheme.	Government research recognises the benefit of school-based counselling with the advantage that children and young people do not need a clinical diagnosis to access practical short term and long-term strategies to prevent problems escalating over time.  Increasing evidence of Social Emotional Mental Health Problems in young people especially following the Pandemic. EEF Toolkit Social and Emotional Learning +4 months	8
Running Mindfulness Courses by Professional Counsellor	Many PP students have significant social and emotional barriers to learning and/or SEND and are subject to external multiagency plans.	8
Assistance with transport costs and attendance/punctuality rewards	GOV.UK – attendance data shows that those students who performed better at the end of secondary school missed fewer days than those who didn't perform as well.	7
Duke of Edinburgh's award / Extracurricular / Activities Week trips	Nationally accepted and evidenced cultural and social mobility development activity Externally assessed and awarded commendation EEF Toolkit - +4 months for outdoor adventure learning	6
Support for educational trips to enable PP students to access the full range of educational experiences and opportunities enriching their knowledge, skills and enjoyment.	Physical activities that also develop students social and communication skills, which have been impacted by the pandemic.	1,2, 3, 6
Student Focus Groups to review provisions and interventions as well as reviewing curriculum.	Student voice to broaden their input into their education and to take ownership, developing their leadership skills.	2

Developing the Transition programme.	+3 months. Supporting transition from Primary to Secondary through a series of workshops run by various departments across the year and a Year 7 overnight activity and for those transitioning to college, through organising a talk/visit.	2, 5,6,8
School House events e.g., House Music	+3 months. Promote engagement of disadvantaged students in Arts based activities.	6, 8

Total budgeted cost: £ 70, 860

# Part B: Review of outcomes in the previous academic year

#### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

#### **Summary of 2023-24**

This PP statement was updated in September 2024.

Our initial exam feedback suggests that the performance of disadvantaged students is good with the overall average GCSE grade for disadvantaged students being 5.3. However, this is still lower than the non-disadvantaged pupil's average grade at St. George's of 6.4. The progress made is also positive overall, 0.26 compared to non-disadvantaged pupils 0.75, thus showing a smaller gap between the two groups with progress made (0.49).

All PP students had a lap-top to work on at home.

Overall attendance in 2023/24 was very similar for both disadvantaged pupils (90.4%) and all pupils (91.9%) however this remains a priority to ensure that the attendance and punctuality of PP students is increased and the PP statement has been updated to reflect this.

33% of PP students chose to participate in the D of E award this year, which was funded through PP and all of them completed and passed the award. This is the equivalent of 1/3 of students. All students that receive PP are encouraged to participate in D of E, but a range of personal challenges prevents a number from being able to do so.

81% of PP students took part in an extra-curricular activity (5 PP students did not).

We are continuing to use pupil premium funding to provide wellbeing support for all pupils, through the work of 'Directional', which was previously funded through the Recovery Premium, but will be funded through PP now the Recovery Premium has come to an end for 2024-25. Additionally, we will continue to support targeted interventions where required as well and extending students enrichment opportunities.
